16 EXPLANATION

17 This bill expands the definition of a manufacturer of
18 native wine. A manufacturer of native wine is currently
19 defined in Code section 123.56 to refer only to persons
20 who process specified ingredients by fermentation into
21 wine. The bill provides that a manufacturer also includes
22 persons who originate or formulate a design or profile for
23 wine and contract with another manufacturer for the use of
24 that manufacturer's facilities for the production of the
25 native wine. The bill states that this new classification of
26 manufacturer shall be authorized to sell, deliver, or ship
27 native wine according to the terms of the applicable permit
28 on the same basis as a manufacturer who owns and operates
29 facilities for the production of native wine.
